Dorval ARTISTS Association

L'ArtNews

8th edition, October 2026

Hello to all our members,

Our association is taking off for the 26-27 season.

We are increasing the use of technological communication methods and to do this, we now have a QR code. (It is next to the header of the newsletter). You will be able to add it to all your mailings and advertisements. It contains our entire website.

As a result, it will be of great importance to feed our website and provide information on new events. We are counting on you to bring us grist to the mill; any information on the art world in the West Island and Montreal, Quebec, Canada and the whole world! Any editorial that would be relevant to our passion for Art, is also welcome. It's exciting! A great fall to all!

We are also preparing the Fall Expo. The registration and volunteering forms can be downloaded from the website under the INFORMATION AND FORMS section.

  - Plein'Art (June), although moved indoors, proved to be very productive for all in terms of exchanges between the artists. A format must be thought of to maintain this beautiful dynamic.
